Freight Truck Burns in Spectacular Blaze

Defective Wiring to Blame for Loss Estimated at $10,000

According to information received in Ukiah from passing motorists, one of the huge 10-ton panel trucks, filled with produce and household goods, and belonging to a freight service, formerly known as the F. and W. freight line, was totally destroyed by fire early yesterday morning, near the entrance to the Ridgewood ranch, on the Redwood highway, about 15 miles north of Ukiah.

It was stated that the probable cause of the accident was defective wiring. The truck was traveling north loaded with merchandise on its regular nightly run from San Francisco to Eureka. It passes through Ukiah shortly after mdinight.

The conflagration set fire to a tree and to some grass nearby, but was kept from spreading. The flames were mostly confined to the truck and were fought by the driver and four men from the Ridgewood ranch, who worked from 2:00 a. m. until nearly 6:00 o'clock before putting them out. The truck and goods are a mass of ruins.

It is understood that the truck and contents were insured. The truck was practically new, having made only a few trips. The driver received a minor burn on one hand.

The loss is estimated at over $10,000.

LAW VIOLATORS FINED

Ernest Tremayne, of Hopland, paid a fine in the justice court at Hopland of $50 for illegal possession of deer meat, which was found in his possession by Deputy Game Warden Macklin. While on the stand, Tremayne involved Bill Rush, highway foreman of that district, who was found by the warden to have deer meat at his home. He was arrested and was also fined $50 by Judge Don Ward. He paid the fine. It was stated that Tremayne had been killing does and fawns, over a long period of time, and had no evident regard for the game laws.

WEDDED SUNDAY

Miss Dorothy Bruns, daughter of Mr. and Mrs. Chris Bruns, of Ukiah, was married last Sunday to Albert Towne, employee of the telephone company here. The ceremony was performed by Rev. Warren Bonner at the Methodist church, which had been attractively decorated.

Following the wedding the couple departed for a honeymoon.

Upon their return they will make their home here.

Talk for Rotarians by Dr. J. H. Hansen

A very interesting talk was given by Dr. J. H. Hansen at the regular Tuesday meeting of the Rotary club. He described his experiences and impressions as delegate to the convention of Rotary International at Seattle June 26, 27 and 28. Incidentally Dr. Hansen discussed the work that Rotary is doing for crippled children all over the country and touched particularly on our own county health camp for children which is held at Philo each year. He urged that the local club participate in this project, stating that 23 underweight children were at the camp this year and that all had shown gains in weight and a marked improvement in general condition.

Fred Yates made a farewell speech in behalf of the club to A. G. Ring, who leaves this week for Palo Alto.

Boy Suffers Burns Playing With Gas

James Kelly, of Talmage, aged about thirteen years, had a narrow escape from serious injury and the possible loss of his eyesight last Friday afternoon when a small container partly filled with gasoline exploded. The burning fluid was thrown into his face. His hair was singed and he suffered a number of burns on his forehead and face.

At first he was unable to see and it was thought that he had lost his eyesight, but he was removed to the Talmage state hospital for treatment and his eyesight gradually was restored.

He was lowering a burning string into the gasoline container when the explosion took place.

Coyote Killed With Club by Ranch Hand

George Jackson, a ranch hand employed by A. A. Heeser on his ranch at Mendocino city, killed a coyote by means of a club after wounding it with a rifle shot last Monday.

Jackson saw the coyote in one of the fields and went to the house and got his rifle. He took but three shells, however, and, after wounding the animal, ran out of ammunition. He chased the disabled coyote over a bluff and down to a beach. Climbing down after it, he dispatched it with a club.

The ranch is right at the town and the animal's boldness in coming out in broad daylight in such a thickly settled section is inexplicable.

EIGHT-POUND SON

An 8-pound baby boy was born to Mr. and Mrs. Christophersen Thursday evening at the county hospital. The mother and baby are reported as getting along in a satisfactory manner.

COVELO VISITORS HERE

Dr. J. S. Hogshead and daughter, Helen, accompanied by Mrs. Marjorie Rohrbough and Miss Allen motored down from Covelo for a short visit in Ukiah yesterday.

Car Turns Over on Highway; 2 Killed

Death Takes Toll in Early Morning Accident Sunday

Bob Turner, of Willits, and Gerard Stinson, said to be from New York, were killed in an automobile accident early last Sunday morning on the Redwood highway about five miles north of Laytonville.

Turner, who was driving the car, picked up Stinson, said to be a hitchhiker, at a dance at Twin Rock. They left for Willits shortly after the dance ended. The accident happened at the southerly end of the new highway project recently completed by the Coates construction company, where the new road merges into the old highway. There is a narrow place here and Turner, evidently confronted with the danger of going over the grade, turned his steering wheel in a quick swerve. A wheel collapsed, according to the theory most generally entertained, and the car turned over.

Motorists coming along shortly afterward picked up both men and took them to Laytonville. Turner was dead by the time they arrived there. Stinson was taken to the Willits hospital in the hospital's ambulance and lingered until Sunday afternoon. The cause of his death was internal hemorrhage. Turner sustained a broken neck and internal injuries.

Both bodies are being held at the morgue in Willits, awaiting instructions from relatives as to their disposal.

Turner, who had been living at Willits for a short time only, evidently came from Nebraska, as a letter from his sister in Omaha was found on his person. He was about 25 years of age. Stinson was about 18 and had relatives in Los Angeles.

Reports Suicide of Mendocino Co. Man

A report of the suicide in Arizona, of Marvin R. Barnes, 40, was made public by the sheriff's office Wednesday.

The deceased was a former resident of Ridgewood station in this county and was an employee of the Northwestern Pacific railroad on the section gang, a good many years ago under Walter Thompson, foreman. He lived at that time with a friend, Zach Erickson, also an employee of the railroad. Both men quit their jobs in May and left for Littlefield, Arizona, where they went prospecting for gold on the Virgin river.

On May 28, Erickson stated, Barnes committed suicide at their camp, on the banks of the stream, in his absence. He also stated the man had been brooding over ill health for several days previously. The gun used for a 38-40 Winchester rifle.

He was found by his partner and Sheriff Ernest Graham and Justice of the Peace Robert Reber, of Kingman, who stated that it was a clear case of suicide. The body was buried near the scene of the tragedy. Barnes was unmarried and a World war veteran. He is survived by a sister in Grass Valley and a cousin in Bakersfield, it was stated.

County to Receive $10,000 Motor Fees

A welcome addition to the county funds in these days of high taxes and little money will be the apportionment to Mendocino county of its share of the motor vehicle license fees, amounting to $10,195.77. The burden of the county taxpayers will be lightened to that extent.

Motor vehicle license fees were collected in this county by the state on 7,277 vehicles.

NEW SUPT. ARRIVES

Dave Muir, who succeeds Tad Ring as business manager here for the Pacific telephone company, arrived with his wife this week and they are domiciled at 315 Pine St.

Mr. Muir began his career with the company at Richmond, in July, 1927. In October, 1928, he was transferred to Martinez and in March, 1930, was transferred back to Richmond. From there the company sent him to Santa Rosa in May, 1930, and he has been stationed there until the present time.

GEO. MEEK TRANSFERRED

George Meek, local employee of the Pacific Gas & Electric Co., was transferred this week to Lakeport and began work there yesterday morning. Mrs. Meek will follow in a few days.

Ukiah regrets to lose this estimable young couple and hopes that circumstances will permit their return to this city before very long.

Recommendation Cut for Road Extension

Navarro Highway to Go Only to Mendocino Despite Promise

The highway commission has cut the mileage recommended for the extension of the Navarro highway from the mouth of the river northerly up the coast, from 22 miles, which would have taken it to Fort Bragg, to 10.3 miles, which will complete it only to a point near Mendocino city. The reduction in mileage will be a great disappointment to coast people. At a meeting of supervisors of northern California held some time ago the total mileage to Fort Bragg was recommended, the supervisors of all the northern part of the state uniting on this project, according to reports given the newspapers at that time. Why, in the face of those recommendations, the project has been cut down by the highway commission is beyond understanding.

Chairman Earl Lee Kelly, of the commission, emitted a considerable ebullition of words in an attempt to justify it, but his explanation remained just what it was—mere wind.

RETURN FROM BEACH

Bert Thornton motored to Pedro beach the latter part of last week and returned Sunday evening accompanied by Mrs. Thornton and daughter, who had been spending two weeks at the beach. Thornton was accompanied on the trip down by Tad Ring. Mrs. Ring had been at the beach with Mrs. Thornton. Mr. and Mrs. Ring came back as far as Palo Alto, where they spent several days making arrangements to rent a house. They will make their home at Palo Alto after the first of August, when Mr. Ring takes charge of the Palo Alto telephone exchange as business manager.

Mrs. Held Injured in Motor Accident

As Attorney and Mrs. W. D. L. Held and their son, Bill Held, were returning from a visit on the coast last Saturday their car was run into by another motorist on the McDonald-to-the-Sea highway about six miles south of Boonville. They were rounding a turn and noticed the other car coming toward them bound toward the coast. The oncoming motorist was on their side of the highway and did not see them until almost on top of them. He put on his brakes but his momentum was too great to permit his stopping in time to avoid a collision and the cars came together with a crash. Mrs. Held was thrown forward and her head went through the windshield. Her body was then snapped backward and the muscles in the back of her neck were badly strained. She also sustained a cut and a bad bruise on her forehead. None of the other occupants of either car were hurt, but she suffered considerably from her injuries for several days.

BREAKS TWO RIBS

Mrs. F. E. Shumaker fell at her home and fractured two ribs Monday. Dr. Bennett was called and attended her injuries.

Woman Kills Self at Fort Bragg Saturday

Miss Marjorie Bishop, aged 26, daughter of Mrs. Amelia Bishop and a cousin of Deputy Sheriff Earl Bishop of this city, committed suicide at her mother's home in Fort Bragg last Saturday morning in a fit of despondency over ill health.

She obtained possession of a 32-calibre revolver, which had been hidden in the house, and shot herself through the heart.

The funeral was held in Fort Bragg Tuesday.

COAST DRIVERS ACCUSED

John Wahl is being held in the county jail on a charge of operating a motor vehicle while under the influence of liquor, following his arrest Friday by Traffic Officer Joe Randolph, in Fort Bragg. He appeared before Judge Bill Ware, who held him to answer to the superior court here.

Emil Haugland, of Fort Bragg, was arrested on a charge of drunken driving by Traffic Officer Joe Randolph in that city Monday. Judge Ware held him for the superior court, but released him on his own recognizance.

STARTS ROOMING HOUSE

Mrs. Fred Smith has leased the Barker house at the corner of Standley and Oak streets and has opened a rooming and boarding house. She is famous for her excellent cooking and will doubtless do well.

Mrs. Lucy Oxspring Dies Here Suddenly

Mrs. Lucy Oxspring, wife of Wm. Oxspring, a resident of Ukiah for over thirty years, passed away very suddenly at the family home last Monday morning about 7:00 o'clock.

She had arisen early in the morning and prepared Mr. Oxspring's breakfast. He then went to the orchard to work. Returning to the house about 7:00, he found her lifeless body lying across a bed, where she had evidently collapsed with a sudden illness.

She had been in bad health for some time.

The funeral was held at the Methodist church Tuesday afternoon, services being conducted by Rev. Warren Bonner.

The sincere sympathy of a host of friends is extended the husband in his sorrow.

Lions Combine for Picnic Last Sunday

About 72 members and their friends of the Ukiah and Lakeport Lions clubs gathered at Buckingham Park, in Lake county, Sunday for a picnic.

The principal sports of the day were baseball, swimming and boating. An exhibition of unusual skill on the surf board attached to a fast motor boat was given by James Busch. Although Busch had never ridden one before, he thrilled his audience with feats of daring.

Some excitement was caused when Past President Preston Cherry dove into what he thought was ten feet of water, but which turned out to be about two. He hit the bottom of the lake and scratched his face on the gravel, but luckily, was not seriously hurt.

City Employee Hurt as Boiler Explodes

Jack Miller, employee of the municipal gas plant, received severe burns on the face, arms and back following an explosion of a 750-gallon water boiler which he was repairing at the plant Monday afternoon. The boiler had been condemned by the state inspector, who had called there a few days ago and ordered the boiler repaired before it was used again.

Miller was engaged in putting it in condition when the accident happened.

It was stated Tuesday morning that although Miller's burns were very painful, they would not leave any scars.

Help make better times in Mendocino County

One way to make better times in Mendocino County and to create more jobs is to trade at home and buy Mendocino County products whenever possible.

By doing this, the volume of local business will be increased. More money will be in circulation. More opportunities for work will, we believe, be created.

This bank believes that by helping one another we help ourselves.

WILLITS NOTES

WILLITS, July 26.—About fifteen miles of the Redwood highway, extending from Arnold station to Laytonville, will shortly be 21 feet wide for the entire distance. Last winter all of the sharp points were removed and shoulders were built on either side of the oiled road. These shoulders, which average about three and a half feet in width, are now receiving an armour coat to conform to the portion which was built some years ago. About 7,000 yards of crushed rock screenings were sent up to Longvale on the railroad and this is being mixed with the hot oil and then rolled.

Other portions of the highway, both north and south of Willits, will receive the same treatment this year and eventually we will have one of the finest highways in the state. Reports have it that there will be considerable change made in the highway between Willits and Ukiah and work on these stretches will not be made permanent. Among these changes will be an overhead railroad crossing to take the place of the present grade crossing a short distance south of Camp Cheerio.

Adds Meat Department

Carlisle Rickards has installed a meat department at his grocery store. A few days ago he received the latest design Frigidaire glass show case in which he will display his meats. In addition to being a merchant Mr. Rickards is also a rancher and for the present he will butcher his own live stock.

John Bartow Dead

John Bartow died at the home of his daughter, Mrs. Luther Bean, last Saturday following a short illness. He and Mrs. Bartow returned recently from an outing in Trinity county and three days before his death he was stricken with pneumonia, which added to his other chronic troubles, was the cause of death.

Mr. and Mrs. Bartow moved to this section with their family about 27 years ago and purchased a ranch seven miles north of Willits. They were the parents of ten children, six girls and four boys, all but one of whom are still living, married, and have families of their own.

The deceased was born in Arcata, February 6, 1856, and had lived all his life in California.

The services were held at Anker's funeral parlor Monday afternoon, Chaplain G. H. Jones officiating.

Another Death

John Fraser died at the home of his son July 20. He arrived here about two months ago. The cause of his death was pneumonia and other complications. He was a native of Massachusetts and leaves a wife and several grown children. The funeral services were held at the Anker funeral parlors Saturday afternoon and were under the auspices of the local lodge of Odd Fellows, of which the deceased had long been a member.

Chinese Pheasants

Last year a consignment of Chinese pheasants were received from the state game farm and turned loose in this valley for breeding purposes. Among the places they were cared for was the Sunnybrook farm and this locality seems to agree with them for there are now numerous birds of this year's hatching and they are so tame that they even stray on the highway. The young birds are now about the size of grown quail and are pretty to look at. When mature they are the size of bantam chickens.

Tanbark Camps

Numerous small tanbark camps are now scattered all over the northern portion of the county but the output will be much smaller than it used to be. Clark Hill was in from Farley, Monday, and he tells us that he expects to peel 100 cords and in addition he will save the wood, which he will cut cordwood lengths and ship to San Francisco. He expects to ship about 150 cords of wood as an experiment.

McLean Released

Donald McLean was released from the hospital yesterday and it now looks as if he will eventually regain almost the whole use of his arm although it may be a little stiff. A week ago he was cut across the right arm with a butcher knife by Chas. White, Sr., and all of the tendons and arteries were severed as far as the bone in the eight inch slash. The tendons and arteries were tied together and are now functioning and the danger of infection has passed. White, who was also injured in the melee, is now at the county hospital, Ukiah, and reports have it that he will be placed in the state hospital at Talmage.

ROUND VALLEY

COVELO, July 25.—F. J. Ford came in Thursday morning carrying a huge rattler with a wire around its neck, on top of his load of wood. The snake bore 13 rattles and was over three feet long. At the meeting of the special committee on Wednesday Miss Helen Hogshead gave a most interesting explanation of the intricate method by which a citizen is elected to the office of president of the United States. She prefaced her remarks by reading from "Fra" an earnest plea to America not to crucify another president in the heat of a political campaign. Then followed a clear outline of her difficult topic, and ready answers to questions from the audience relating to points not yet understood.

The committee is much encouraged by the generous co-operation from many sources which is being offered. Receipts from the last meeting were $10.60. Mrs. Lily Hemenway will sponsor the meeting for August 3—a food sale at her home between the hours of 2:00 and 5:00 p. m. Preston Shields and Jack Russell of the barber shop will help with a novel program for August 10.

The column of heights gives the elevation of each tide above or below the level of the Coast Survey chart soundings. The numbers are always additive to the chart depth.

The data is practically the same for Point Arena Light, Navarro River Entrance, Little River Harbor, Mendocino Bay and Fort Bragg Landing. For Westport subtract 5 minutes from the time and for Shelter Cove add 0.6 ft. to high tide.

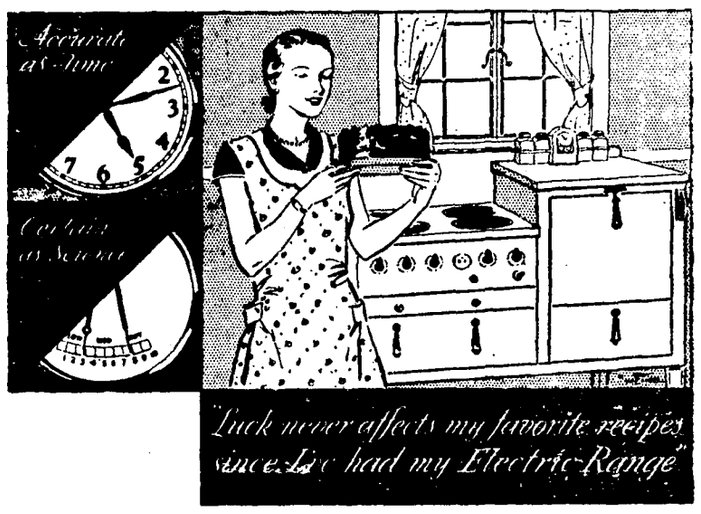
★ MORE THAN 210,000 CALIFORNIA WOMEN SAY....

Electric Cooking is Economical...Scientifically Certain



When science turned to electricity as a means of lessening the labors of women in their household duties its greatest contribution was the electric range. When accurate thermometer temperature devices under automatic time control were made a part of the electric range, cooking became truly Domestic Science.

No woman need make guesses today with her baking—no woman need be worried about failure when she cooks with an electric range. When she cooks electrically she cooks by accurate recipe temperatures and can depend upon the precision temperature control to take all guesswork out of her most "fussy" baking.

For whole meal preparation for meats, vegetables, and cooked desserts, the woman who cooks electrically can place them all in an oven during the morning hours, leave the house for the rest of the day and come home again to a complete dinner perfectly cooked. For while she is gone the clock will turn on the clean heat of glowing electric coils and the thermometer will control the cooking temperatures.

In more than 210,000 California homes women cook not by luck but by electric cooking science. Recipes become time-after-time successes, for electric cookery is as accurate as time itself and certain as science.

See these modern marvels of cookery at your dealer's store or in your local P. G. and E. office. Electric ranges are not costly to buy and are economical to operate. Right now a Special Electric Range Offer is in effect which includes easy purchase terms.

Suffered Ten Years Then Found Sargon
Recommends It Because It Proved Worth in Her Case

"Sargon and Sargon Soft Mass Pills are the most wonderful medicines I have ever used. I say this because they have brought back my health after I had suffered for ten long years. My liver was torpid and my complexion sallow. My entire system was filled with poison. I was dreadfully nervous and was losing my strength and energy. Sargon ended my troubles as no other medicine has ever done. But the greatest blessing of all was the way the Sargon Soft Mass Pills relieved me from constipation from which I had suffered for so many years."—Mrs. Alexander Malcott, 1408 W. STATE THEATRE

"TEXAS GUN FIGHTER"

One of the most colorful Western stories ever to be assigned to Ken Maynard, superb Western actor, and his remarkable cow-pony, Tarzan, will come to the State theatre tomorrow night.

Ken Maynard gets in a bad mixup with a notorious gang of range bandits, which he fights by himself and with the almost human aid of his horse, who saves his life, by knocking the gun from the hand of a bandit, who had the drop on him. A plunging trail wagon careens over the precipice in a frenzied dash to escape the bandits. Tarzan fights with Drag Fells, a desperate crook, overpowering him as he draws a bead on Ken.

Maynard rescues an unknown girl, stops a runaway wagon and saves a load of silver bullion.

"THE CROWD ROARS"

Many of the scenes appearing in the picture "The Crowd Roars," an automobile racing picture, which comes to the State theatre Sunday and Monday, were taken of automobiles traveling at a speed of 125 miles per hour. The story deals with a young professional racing man, who has become the idol of the public. When he returns for a visit to his father and mother and younger brother, Eddie, he takes Eddie under his wing and teaches him the tricks of the trade. Jealousy and rivalry spoil Eddie and wreck his affection for his brother, Joe. A reconciliation is brought about between the brothers when Joe wins a race for Eddie, who is out on account of a broken arm. A happy climax completes a thrilling picture.

"THE MAN FROM YESTERDAY"

Wartorn France of yesteryear is vividly portrayed in the romance of Clive Brook and Claudette Colbert in "The Man from Yesterday," which will be shown at the State theatre Tuesday and Wednesday.

Brook, a British army officer, marries Miss Colbert, a nurse, in haste and shortly after is called to front line duty. Later he is reported killed and Miss Colbert turns to the friendship and admiration of Charles Boyer, a young surgeon, and finds a new love.

Brook is discovered in a hospital. Claudette persaudes Brook that her friendship for Boyer is meaningless. They both return to Paris, which takes Andy, his buddy, out of his life. The buddies are re-united at the conclusion of the picture, which is a heart-wrencher.

Admirable acting from the leading cast forms the basis of an intensely interesting life drama.

"THUNDER BELOW"

The great emotional actress, Tallulah Bankhead, in a picture with a setting of tropical beauty in Central America, form an ideal combination in the tense heart drama, "Thunder Below," which will be shown at the State theatre Thursday and Friday.

Tallulah, the wife of Bickford, an engineer who is doing advance field work for an oil company, falls madly in love with Paul Lukas, her husband's assistant. Bickford becomes blind, through an accident. Lukas returns Tallulah's love, but through pity for the woman's husband, fails to tell him. Lukas realizes that things cannot go on, and urges Bickford to send him to the jungle. He goes and returns months later. In the meantime Tallulah falls in love with a new engineer, Forbes, who comes to join the office. Lukas comes back and finds her with Forbes at a dance. Tallulah and Lukas find their love is stronger than ever. But the woman knows that they must end their infatuation. She commits suicide by jumping off a high cliff. Lukas determines to expiate his offense by a greater devotion to his old friend, who is helpless. They carry on.

Eureka Train Hits Man Near Windsor

Ukiah Engineer, at Throttle, Unable to Avoid Accident

SANTA ROSA, July 28.—Struck down by a Northwestern Pacific passenger train as he walked along the tracks near Windsor, an itinerant man between 40 and 45 years old, who has been tentatively identified as George Matson of Glendale, is in a critical condition in the county hospital.

As the train, bound for Sausalito from Eureka, swung around a curve between Windsor and Grant's station, Matson was seen by Clarence Gibson, veteran engineer of Ukiah, a few feet ahead. Gibson applied the brakes but was unable to bring the train to a stop in time to avoid striking Matson.

Hurled a few feet from the rails, the unconscious man was taken aboard the train and brought to Santa Rosa, where he was transferred to the hospital.

Dr. Elmer T. Noall, attending physician, said that Matson is suffering from a compound fracture of the left leg, a possible fracture of the skull and severe lacerations. At a late hour last night he was still in a coma, with but little hope held out for his recovery.

A letter was found in his pocket addressed to George Matson, and mailed from a Glendale address. Hospital officials communicated with the Glendale address and received a telegram in response, stating that the man is a brother of Mrs. Henry Rang of Daly City.

The train was traveling at a speed of 35 miles an hour when Matson was first sighted on the tracks, railroad officials said.

For I the Lord thy God will hold thy right hand, saying unto thee, Fear not; I will help thee. When the poor and needy seek water, and there is none, and their tongue faileth for thirst, I the Lord will hear them, I the God of Israel will not forsake them" (Isa. 41:10, 13, 17).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Always begin your treatment by allaying the fear of patients. Silently reassure them as to their exemption from disease and danger. Watch the result of this simple rule of Christian Science, and you will find that it alleviates the symptoms of every disease. If you succeed in wholly removing the fear, your patient is healed. The great fact that God lovingly governs all, never punishing aught but sin, is your standpoint, from which to advance and destroy the human fear of sickness" (p. 411).

WHY THE FARMER SHOULD SUPPORT THE DEMOCRATIC PARTY

With a presidential campaign on that will determine which party shall be in power for the next four years the farmers should examine carefully the platforms of the two parties.

That of the Republicans is vague and misleading, lengthy and uncertain in meaning, while that of the Democrats is short and concise, its meaning easily understood, with no attempt to fool the people by a mass of words.

Republican policies as opposed to Democratic principles may be fairly and impartially judged by the record of Democratic rule and achievement for the eight years beginning with the election of Wilson in 1912, as compared with the Repulican regime beginning with the election of Harding in 1920.

During the eight years of Democratic rule under Wilson, agriculture was highly prosperous, due to the passing of the "Federal Reserve Act," and the "Underwood Tariff" more than to all other factors combined.

The Federal Reserve Banks established under this law, together with the intermediate and Federal Land Banks, furnished a perfect solution of the financing of agriculture, both in theory and fact, but when this system came under the blighting hand of the "greatest Secretary of the Treasury since Hamilton," it became not a help, but a destroying agency of agriculture, for the benefit of the international bankers, and has contributed largely to the destruction of agriculture. Approximately 450 farms have been confiscated daily during 1931, by the Federal Land Banks, due to the arbitrary ruling of the department in Washington and the destroying of the farmers' markets, and the lowering of his income. The Republican leaders have always claimed the "Tariff" was the greatest agency through which prosperity was brought to industry and agriculture. It is true the tariff does affect the economic conditions of all the people more than any other one thing, and the controversy between the Republicans and the Democrats is whether the benefits from the tariff shall accrue to a few special interests, or to the people as a whole, whether industry shall be considered only, or whether agriculture shall receive the same protection as industry.

The "Underwood Tariff" enacted during Wilson's regime came the nearest to putting agriculture on an equality with industry of any tariff bill ever enacted by congress, and the condition of agriculture at the close of Wilson's administration under the Underwood Tariff with an income of 16 billion and a capital valuation of 98 billion, contrasts with that of 1931 under the "Hawley Smoot Tariff" with an income of $6,900,000,000 and a capital value of 42 billion.

The Democratic party in 1912 promised a revision of the banking laws and a revision of the tariff. This was done, and we were given the federal reserve act, the greatest financial stabilizer ever devised, and the "Underwood Tariff," the fairest tariff we have ever had on the statute books.

The condition that has arisen under, and due to the "Hawley-Smoot Tariff" is tragic and disastrous. Our debtors are unable to pay us in goods, due to the prohibitive tariff rates, and unable to sell in other countries, due to the retaliatory tariffs aimed at us. They cannot pay in gold, and we find ourselves in the position of having to cancel the debts of those owing us, and of being unable to sell them anything on account of their retaliatory tariffs, and the whole economic structure of the world is threatened by the tariff war which was started by us, that a very few of the specially favored might reap unjust profits. Our exports have fallen from $1,129,000,000 in the first quarter of 1930, to $439,000,000 in the same period of 1932.

There has been over two thousand branch factories built in foreign countries by our manufacturers to evade the tariffs. This has left thousands of our laborers without work, and a continuance of this policy will eventually result in laborers having to migrate to Europe to get employment.

There are at this time more than 10,000,000 idle men with as many more working only part time, with all the misery and tragedy accompanying this condition resulting from the "Hawley Smoot Tariff." This is not just what Senator Watson predicted in a speech in June, 1930 in which he said, "I here and now predict, and I ask my fellow senators to recall this prediction in the days to come, that if this bill is passed, this nation will be on the up grade financially, economically, and commercially within sixty days, and that within a year from this time we shall have regained the peak of prosperity." What a prophet was this senator! What a comparison with the condition following the passing of the "Underwood Tariff!"

The Republican platform proposes a continuance of this disastrous tariff (Hawley-Smoot) while the Democratic platform proposes, "A competitive tariff for revenue, with a fact finding tariff commission free from executive interference, reciprocal tariff agreements with other nations, and an international economic conference designed to restore international trade and facilitate exchange." With a tariff honestly framed along these lines the farmers may expect to have their markets restored to them, as well as industry, with a return to prosperity and contentment. The Democratic platform also promises a "Drastic reduction of governmental expeditures, and a reduction of not less than 25 per cent in the cost of Federal Government." This will reduce greatly the farmers' taxes, which have become oppressive and confiscatory. The Democratic platform further promises, "Better financing of farm mortgages through reorganized farm bank agencies at low rates of interest on an amortization plan, giving preference to credits for the redemption of farms and homes sold under foreclosure."

The financing of agriculture has become one of the greatest problems of the farmers and the Republican platform offers no relief. From the record of the two parties it is easy for the farmer to make a choice, one a record of eight years of prosperity, years of good income and moderate taxes, and the other a record of twelve years of rapidly declining income and as rapid an increase in taxes. With starving millions all about, with industry prostrate and helpless and the government itself going behind at the rate of three billion a year, there is no reason why the farmers should support the Republican party further. They should forget former party affiliations, and remember only the misery and disaster of the last few years, and vote to restore their country to its former prestige and glory and to banish forever from the land, the last vestige of the blight of Hooverism, Mellonism, and the rule of the few.

Mr. and Mrs. D. H. Van Zandt have as their guests their niece, Miss Lucille Simmons, of San Francisco.

Mrs. Jessie McCarty and Miss Madge Johnson were members of a party that recently enjoyed a motor trip to Washington and Oregon, where they visited Crater lake and other points of interest. During their stay there they visited with the Jack Kepple family on the Rogue river. Mrs. Kepple and Mrs. McCarty are cousins and the Kepples are former residents of this valley. Mrs. McCarty also called on Mrs. F. W. Frye, who is in a sanatorium near Eureka. She also is a former resident of Boonville.

C. T. Ingram and son, M. L. Ingram, were Cloverdale visitors Saturday.

Mrs. C. S. Prather returned recently from a pleasant stay with her daughter in Sausalito. Mr. Prather drove down to bring her home.

C. H. Clow and grand daughter, Miss Margerette McAbee, made a trip to San Francisco last week to purchase a machine for Miss McAbee to use in her work as teacher of the Pine Mt. school, which opens August 1. Mrs. Sid Cross, also a grand daughter of Mr. Clow, accompanied them as far as San Rafael, where she visited her husband, who is employed there. The young ladies made the return trip in the new car with Miss McAbee at the wheel.

Church services, Epworth League and Sunday school will be held at Philo, July 31, Sunday school commencing at 10:30 instead of the usual 10:00 o'clock. Following church a basket picnic will be enjoyed beneath the shade in the church and evening service and league will follow in the evening. Every one is invited to take part in all or any part of the day's program and "Brother Joe" is looking for a record crowd. Don't disappoint him.

R. J. Eten submitted to a preparatory operation on his eyes in a San Francisco hospital Tuesday of last week. Another operation will be performed in three weeks' time that his physician hopes will improve his sight. He will have to remain in the city between the operations and for some time following the second one. His many friends here are hoping they prove successful.

Mrs. Ed Hogan and son, Billy, accompanied by Mrs. D. P. Lawson and Mrs. J. W. Slotte motored to Ukiah Friday. Mrs. Lawson brings us the very good news that her husband will be able to leave the Ukiah hospital Thursday of this week. They will take an apartment in Ukiah for three weeks before Mr. Lawson will be able to come home. He sat up for the first time since he was injured, June 14, the day they were over, and even stood for a second, which is doing remarkably well considering the serious nature of his injuries.

Earl Prather of this place was a Cloverdale visitor Thursday.

Rev. and Mrs. Hedgpeth report a very pleasant week in Sacramento, where they attended the annual conference. Everyone here is very pleased that they returned Rev. Hedgpeth to our valley for another year, and we hope he was not disappointed in his appointment.
